

HOSSAM ADEL

DATA SCIENTIST

About me

I'm a junior data scientist and a problem solver, passionate about cutting-edge technologies for solving real-life problems. I have demonstrated experience in using data science, data analysis, and machine learning models. I'm looking for a bold opportunity to build an excelling career and apply my skills in an innovative AI process. I love learning and enjoy working with a team that communicates data-driven results.

I have +12 years of professional experience in the sales of pharmaceutical products and this made me know the value of data. In my professional experience, I had interest in collecting, cleaning, and interpreting data from field-force.
